CITY COUNCIL MEETING OF: AUGUST 19, 2009

DEPARTMENT: PLANNING AND DEVELOPMENT

ITEM DESCRIPTION: ZON-34611 - APPLICANT: FLO TV, INC - OWNER: UNITED STATES OF AMERICA

**** CONDITIONS ****

The Planning Commission (7-0 vote) recommends DENIAL. Staff recommends APPROVAL.

**** STAFF REPORT ****

PROJECT DESCRIPTION

The subject site is an unimproved lot containing an existing 321-foot tall, non-conforming Radio, TV or Microwave Communication Tower, located on the north side of Del Rey Avenue, approximately 900 feet west of Monte Cristo Way. The applicant is proposing to expand the use by adding an antenna to the tower and related support equipment on the ground. As the expansion of this non-conforming use of the site is not permitted, the applicant is requesting this Rezoning from the R-E (Residence Estates) to the C-V (Civic) zoning district. The result of this change, combined with the approval of an associated request for a General Plan Amendment (GPA-34610), will be that the existing use of the site will become a conforming use, and could then be expanded through the approval of a Site Development Plan Review (SDR-34612). Denial of this request will require that the associated requests also be denied, and the use will remain as a non-conforming use in its current configuration. Staff is recommending approval of this request as the use of the site for the communications tower has been in existence since 1975, and the requested Rezoning is compatible with the adjacent surrounding zoning districts.

ANALYSIS

The subject site has a General Plan designation of DR (Desert Rural Density Residential). The applicant is proposing a General Plan designation of PF (Public Facilities). The PF (Public Facilities) land use designation will allow conformance with the proposed C-V (Civic) zoning designation.

This request would Rezone the subject site from R-E (Residence Estates) to C-V (Civic), which is intended for a 321-foot Radio, TV or Microwave Communication Tower. The C-V (Civic) district is consistent with the PF (Public Facilities) category of the General Plan

As the proposed C-V (Civic) zoning district is consistent with the proposed PF (Public Facilities) General Plan designation, and the proposal is compatible with the surrounding land uses, staff is recommending approval of this request.

FINDINGS

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. “The proposal conforms to the General Plan.”

The proposed C-V (Civic) zoning district is consistent with the proposed PF (Public Facilities) land use category and conforms to the General Plan.

2. “The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.”

The uses allowed by the C-V (Civic) zoning district are compatible with the surrounding land uses and zoning districts.

3. “Growth and development factors in the community indicate the need for or appropriateness of the rezoning.”

The existing Radio, TV or Microwave Communication Tower is non-conforming in the existing R-E (Residence Estates) zoning district. Rezoning the subject site will bring the property into conformance with Title 19 and establish the existing use and its expansion.

4. “Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.”

The site is accessed from Del Rey Avenue, a 60-foot Local Street, as designated by the Master Plan of Streets and Highways. This street is adequate to meet the requirement of the proposed zoning district. The subject use will produce a negligible increase in traffic volumes.
